

Course Syllabus

Energy Efficiency 7.5 Credits*, First Cycle Level 2

Learning Outcomes

Course Content Assessment

Forms of Study

Grades

The Swedish grades U, 3, 4, 5.

Prerequisites

Building services technology 7,5 credits first cycle level
Thermodynamics, 7,5 credits

Subject:

Energy Technology

Group of Subjects:

Energy Technology

Disciplinary Domain:

Technology, 100%

Approved:

Approved 26 February 2015

Valid from 27 April 2015
