

Course Syllabus

Information Systems Theories 7.5 Credits*, First Cycle Level 2

Learning Outcomes

Course Content Assessment

Forms of Study

Grades

The Swedish grades U–VG.

Prerequisites

100 credits whereof 45 credits in Informatics Undergraduate Level 1 in which the courses Introduction to Database Systems, 7.5 credits First Cycle Level I and Research Methodology in the Discipline of Informatics, 7.5 credits First Cycle Level I shall be included or equivalent knowledge

Subject:

Information Systems

Group of Subjects:

Informatics/Computer and Systems Sciences

Disciplinary Domain:

Technology, 100%

This course can be included in the following main field(s) of study:

1. Information Systems

Progression Indicator within (each) main field of study:

1. G1F

Approved:

Approved 30 October 2014

Valid from 24 January 2015
