

## Course Syllabus

### Italian Linguistics 7.5 Credits\*, First Cycle Level 2

#### Learning Outcomes

On completion of the course the student should be able to:

- present their acquired knowledge in linguistic theory and the most important analytical methods in general linguistics and sociolinguistics in good oral and written Italian
- practically apply this acquired knowledge to Italian language examples
- present in writing a clear argument in a stylistically effective and appropriate manner, by using correct terminology, according to one of the research methods in linguistics.

#### Course Content

The course is an introduction to linguistic theories and methods with a special focus on normative and actual Italian. The texts under study cover the following topics:

- Introduction to Linguistics
- Phonetics
- Morphology
- Syntax
- Linguistic typology
- Semantics
- Pragmatics
- Sociolinguistics

#### Assessment

Examination takes the form of active participation in seminars, obligatory written assignments, and writing a small essay.
