

Course Syllabus

Thesis for Bachelor Degree in Political Science 15 Credits*, First Cycle Level 2

Learning Outcomes

After completion of the course the student should be able to:

- demonstrate knowledge and understanding of a specific and focused part of political science, including knowledge about its theoretical bases, applied methods, and relevant research questions,
- demonstrate ability to search, collect, evaluate and critically interpret relevant information about a specific political science issue,
- demonstrate ability to identify, formulate and examine a political science issue within assigned time limits,
- demonstrate ability, in both written text and oral dialogue to present a problem statement, the method, and results from a small scale research project,
- demonstrate ability to relate the small scale research project to relevant scholarly, societal and ethical aspects.

Course Content

During the course a bachelor thesis in political science is to be planned, conducted and defended. The thesis will be planned and conducted with support from a supervisor. As part of the course the student will also conduct a critical review of another student's thesis.

Assessment

Oral and written presentation of thesis and critical review of another student's thesis.
